

NPD Technologist – Beverage

Freedom Foods Group (FNP) is a listed innovative FMCG company that has a mission to create quality, on-trend, great-tasting, responsibly Australian produced food and beverages. Food and beverages that people enjoy and feel good about. We aim to continually innovate and reimagine what is possible, to change the way the world eats for the better.

Freedom Foods Group Limited is a leader in the Health and Wellbeing food and beverage market.

About the role

Based at our Ingleburn site, the role's primary focus is to assist in expanding in the Company's product range and understanding the current trends that fit with the Company strategy and innovation platform. The NPD technologist will work closely with our marketing & sales teams plus our multinational customers to deliver product concepts to market.

This person will work closely with our third party suppliers in developing flavors and ingredients which enhance the sensory performance of our products and deliver the needs of our end consumers.

The role will also work closely with the Operations & Project teams on trouble shooting and improving existing processes and products' performance within our manufacturing facilities with a focus to deliver high quality products.

Application

This is an excellent opportunity to join a growing, innovative and leading Health & Wellbeing food and beverage company.
