

## Laboratory Technician - Casual

Freedom Foods Group Limited is an ASX listed innovative FMCG company that has a mission to create quality, on-trend, great-tasting, responsibly Australian produced food and beverages. Food and beverages that people enjoy and feel good about.

We aim to continually innovate and re-imagine what is possible, to change the way the world eats for the better.

### About the role

This role will be responsible for providing efficient and accurate sampling and testing of products, in accordance with quality and laboratory requirements.

Key responsibilities of the role include:

- Complying with company health and safety requirements.
- Actively participating in Daily Management System meetings.
- Conducting sampling and testing.
- Performing routine calibration, verification and maintenance activities on laboratory testing equipment.
- Assisting with writing and reviewing laboratory documentation.
- Reviewing product specifications and ensuring all results are in line with specifications.

### About you

You will be passionate about your work and ready to jump into a role where you can hit the ground running! You must be available to work on a rotating roster, including day, afternoon, night and weekend shift work.

Additionally, you will have:

- Completed tertiary qualifications in Quality Assurance, Food Science or a related discipline is highly desirable.
- Previous experience in a similar role.
- Available to work a rotating roster including weekends.
- Previous experience auditing qualifications in food safety, quality and environmental systems and quality systems in a FMCG environment.
- Accurate data and analytical skills.
- Strong ability to follow laboratory methods, performing laboratory tests, producing reliable and precise data.

### Application

If this role interests you, we would love to hear from you!

Please submit your latest cover letter and resume addressing the above criteria to the People & Culture team at [careers@ffgl.com.au](mailto:careers@ffgl.com.au)
